Discussion Questions

PART 1. Citizens of the Kingdom

1. What are some of the ways in your life that you experience the governments of this world coming into conflict with the Kingdom?
2. How does knowing your neighbor is a fellow image bearer of God whom you are commanded to love impact the way you engage with that person, despite differing political convictions?
3. Do we truly desire for the Church to be one? If the answer is no, then what may be keeping us from desiring the Church to be unified as Jesus did? And if the Church were to be brought to complete unity, how could that impact the Church's witness in the world today?
